

## 13B - Freeway I-15 East Side 3150' South of Sahara Facing South

This digital billboard faces the I-15 freeway on approach to Sahara Ave. exit, the last exit for the main "Strip" area. It has excellent, unobstructed read to north bound traffic. This is the main freeway traveling north and south through Las Vegas, and this board is on approach to the US95 interchange "Spaghetti Bowl" and Downtown. This is a great location for targeting commuting locals and tourists in-bound from Southern California.
